Attn: Mrs. Jocelyn Boyd

I received a letter from Utilities Inc. that is requesting a rate increase and we already pay more than we should. The letter states that we already pay \$53.50 for sewer which is true and only sewer and they want to increase it to \$83.30 this is ridiculous and not only that everyone that pays the same each month which there are people in this neighborhood who for over 40 years have never paid a sewer bill at all. So instead of them raising the rate they need to go door to door and get everyone's name and address and start charging them then those of us who do try to pay the bill would not have to pay so much. Furthermore they do not go by our water usage because we have a separate water company that we pay Lowery Utilities. What they need to do as I said is go door to door and make sure everyone is paying first of all and then we should have meters installed and actually pay for what we use!

Sincerely

Jerry A. Wright
